Home Savings  
Expects to Top  
Billion in 1961

Increasing its assets at an average rate of \$15 million a month for the past half year, Home Savings and Loan Assn. looks to pass the billion dollar mark before the end of 1961, according to Kenneth D. Childs, president of the nation's largest savings and loan association.

A six-month statement, December 1, 1960, to June 1, 1961, showed Home Savings assets to have increased \$90,890,394 to the national record breaking total of \$943,117,362.

THE REPORT also showed that savings accounts now stand at \$878,203,120. Of the current total, \$341,457,225 are government guaranteed or insured loans.

Home's reserves, a resource which makes it the nation's strongest and most secure savings and loan association, grew from \$69,202,985 to \$75,470,259 in the six-month period.

Childs also announced that Home Savings will continue to pay 4½ per cent interest on all savings accounts in all of its 24 offices in Southern California during the third quarter beginning July 1, 1961.

Local Industry  
Executive Sees  
Polaris Firing

G. C. Merkley of the National Supply Co. was among executives representing Polaris subcontractors in 10 state to tour the Westinghouse Electric Corp. division at Sunnyvale this week. The group viewed a test firing of a land-based Polaris missile at the San Francisco Naval Shipyard after hearing briefing by top Navy missile officers.
